“THE FIRST SINGLE VINEYARD CAVA”

PRODUCER : HERETAT MESTRES, S.L.
 ZONE : D.O. CAVA
 SUB-ZONE : SANT SADURNÍ D'ANOIA
 (BARCELONA)

Mail : cava@cellermestres.com

Web : www.cellermestres.com

VINTAGE 2008

Bright Bright golden color. Fine and thin bubble which evolves favourably in the glass. An elegant and aromatically rich cava with aromas coming from the barrique aging like: toasted bread and cocoa. It has light notes of pastry, dried fruit and apricots, evolving to notes of cream and toast. On the palate it is dry and creamy, where it keeps the freshness with the good integration of the bubbles. We emphasize the notes of elegant ripeness with brioche, roasted and dairy notes with a long aftertaste.

Serving temperature: 8-15°C (with higher temperature, better sensations)

Technical information

Type of Cava :	GRAN RESERVA BRUT NATURE
Varietals :	Macabeu (20%) Xarel·lo (65%) Parellada (15%)
Vineyards :	100% own vines over 50 years old
Alcohol :	12,1 % vol.
Residual sugar :	<3 g/l
Bottle type :	CAVA traditional 750 ML.
Elaboration and Aging :	We use two corks for every bottle to make our cava. The base wine is fermented and aged in chestnut barriques in lees for 10 months . The second fermentation in bottle is completed in contact with the first 100% natural cork, in horizontal position in “rima” with a over 100 months of aging in the traditional bottle on its lees in CAVA MESTRES. For longer aged cavas (over 30 months) bottles are moved from the “rima” resting position to favour the yeast autolysis process greatly improving structure and complexity. Finally after disgorging (manual process of dead yeast cell removal, we place the second cork with its accompanying plaque into the bottle. MESTRES always states the disgorging date on the label. We continue to produce crafted cavas, whilst being faithful to the traditional aging method.

Nº Bottles : 3.550
