VINTAGE 2015

Light color intensity. Fine bubble with good detachment.

Intense and complex aroma that combines pleasant floral notes (violet and red fruit; strawberry) with light roasted and toasted bread, thanks to its aging in chestnut barrique. In the palate it is an elegant and creamy cava, with the carbonic very well integrated and a very elegant and long aftertaste.

The only Rosé aged in barriques. Simply incomparable.

Serving temperature: 8 -15°C (with higher temperature, better sensations)

Technical information

Type of Cava :	GRAN RESERVA PREMIUM BRUT NATURE ROSE
Varietals :	Trepat (45%) Grenache (30%) Monastrell (25%)
Vieyards :	Controlled vines 18 years old. Manual harvest.
Alcohol :	12% vol.
Residual sugar :	<3,0 g/l
Bottle type :	CAVA traditional 750 ML.
Elaboration and Aging :	We use two corks for every bottle to make our cava. The base wine is fermented and aged in chestnut barriques in lees for 4 months. The second fermentation in bottle is completed in contact with the first 100% natural cork, in horizontal position in "rima" with over 42 months of aging in the traditional bottle on its lees in CAVA MESTRES. For longer aged cavas (over 30 months) bottles are moved from the "rima" resting position to favour the yeast autolysis process greatly improving structure and complexity. Finally after disgorging (manual process of dead yeast cell removal, we place the second cork with its accompanying plaque into the bottle. MESTRES always states the disgorging date on the label. We continue to produce crafted cavas, whilst being faithful to the traditional aging method.
